## Electronic's

---

LED Product's Manufacturer

## 1) Bulb's

Wattage	5w	7w	10w	12w	15w
Holder	E27	E27	E27	E27	E27
Size	B22	B22	B22	B22	B22
Lumen's	>450	>750	>950	>1200	>1750
Efficiency	>90	>90	>90	>90	>90

## 2) Tube light's

Wattage	Size	Lumen's	Efficiency
5w	1 Feet(300mm)	>650	>90
10w	2 Feet(600mm)	>1300	>90
20w	4 Feet(1200mm)	>2800	>90

## 3) Street Light's

Available Wattage:- 15w, 20w, 24w,30w, 36w, 40w, 60w, 100w.

#### 4)Flood Light's

Available Wattage: - 30w, 50w, 100w, 150w, 200w.

#### 5)Panel Light's

Square and Round Model

Available Wattage:- 5w, 8w, 12w, 15w, 22w, 24w.

#### 6) Surface Panel

Square and Round Model

Available Wattage:- 5w, 8w, 12w, 15w, 22w, 24w.

## SOLAR BASED SMART HOME LIGHTING SYSTEM

1	Solar Panel	10 Watt
2	Battery	12v/7500mAH Lead Acid
3	Light Source	5w LED Tube light With Inbuilt Driver QTY- 3
4	AC Charging	Transformer Based Isolated
5	USB Output	USB output for mobile charging 5 volt 1.5 Amp
6	Solar charge Controller	12 volt 16 Amp with dusk to down/Manual Mode
7	Control Panel	Good Quality Mild Steel with powder coated
8	Back-up	5HRS
9	Charging Time	7-8 hours under sufficient sunlight and 7 Hours on electricity
10	Additional Load Provision	5 Load connection junction Box
11	Future Provision	Panel extension Available, Battery extension Available, spare 2 load connection

12	Advantage	1) Individual on/off type switches for load.
		2) smart controller used for Auto Switching of solar panel & AC adapter for charging
		3) Inbuilt BMS(Battery Health Monitoring)
		4) Auto/ Manual switch for customers convenience
		5) DC tube light with inbuilt driver has protection against short circuit, over voltage, over current.

## AUTOMATIC SMART WATER HEATER

- + Automatic
- + Shock Proof
- + Portable
- + Rust Proof
- + Durable
- + Economical
- + Long Life
